Corporate Action Plan Management Policy Statement

1. Policy statement

The Force will establish a framework through which the Chief Constable can be assured that the agreed improvement actions are clearly communicated, understood and acted upon by officers and staff and that the intended outcomes are delivered.

The Corporate Action Plan Management framework is a key component of the assurance framework that ensures strategic priorities drive all significant activity and that our people, policies and systems are operating effectively and are focused on key service risks.

The monitoring system will provide an assurance mechanism for management and third parties such as auditors and inspectors to confirm that agreed actions are acted upon, and that the intended outcomes are delivered.
