On Call Policy – Policy Statement

1. Policy statement

Cleveland Police provides a high quality of service in response to incidents reported across the Force area and in support to other forces by mutual aid. On some occasions these incidents demand the attention of specialist officers and staff who provide a bespoke service to the individual victim or in support of a specialist investigation and enquiry. There is no determining factor when these specialist resources will be required, therefore Cleveland Police has made necessary arrangements for the provision of a raft of specialist services and negotiated their provision through on call officers and staff.
